

PRESS RELEASE

February 2020

embedded world 2020 takes place as planned

embedded world 2020 will take place as planned from 25-27 February 2020 at the Nürnberg exhibition centre. NürnbergMesse is taking a comprehensive package of measures to ensure that exhibitors and visitors can participate in the exhibition safely and comfortably. Two world-leading exhibitions with over 150,000 participants (exhibitors and visitors) from all over the world have been held successfully in Nürnberg since the end of January. The preventive protective measures for our guests at the Nuremberg exhibition centre have had excellent results. A large number of other major international trade fairs have also been held in Germany in recent weeks.

The EU health ministers are currently meeting in Brussels to intensively discuss further measures relating to corona infections (2019-nCoV). NürnbergMesse is observing this very closely and will take account of the results and recommendations for action for embedded world and inform accordingly in a timely manner.

Further information on the protective measures for embedded world can be found here: www.embedded-world.de/current-information
