## PRESS RELEASE

April 2021

### FeuerTrutz 2021: Over 110 exhibitors already registered

It's just under six months until the 10th anniversary of FeuerTrutz, the International Trade Fair with Congress for Preventive Fire Protection. The fire protection community's eager anticipation of their industry gathering is reflected in the registration numbers to date: more than 110 exhibitors have already made a firm booking. The modified concept developed by organisers NürnbergMesse and FeuerTrutz Network GmbH provides plenty of options for taking part. This year, participants will be able to choose between an on-site event in Nuremberg, a digital-only platform, or a mixture of both.

"It's great to see that our flexible concept for taking part in FeuerTrutz is going down so well with exhibitors. This shows that industry players are extremely keen to finally exchange ideas and information again and present their new products. Our preparations are currently in full swing and we can hardly wait to welcome new and familiar faces on 18 and 19 October," says Stefan Dittrich, Director FeuerTrutz at NürnbergMesse.
