PRESS RELEASE

June 2022

## CRAFT BEER CHINA 2022 takes place in Nanjing in September

- **New date: September 7-9, 2022**
- **New location: Nanjing International Expo Center**

NürnbergMesse China and Beer Link have decided after comprehensive study and deliberation that CRAFT BEER CHINA 2022, originally scheduled for 27-29 July at the Shanghai World Expo Exhibition and Convention Center, will be postponed to 7-9 September 2022. The exhibition venue will be changed to the Nanjing International Expo Center. The basis for this decision was the safety of all parties involved as well as the intention to safeguard the interests of exhibitors and trade visitors in terms of trade fair success and visiting experience.

Recently, the novel coronavirus is raging on a large scale in China, with far-reaching impact on public life. Although the situation in Shanghai has been effectively under control at present, most exhibition venues have been temporarily converted into "mobile cabin hospitals". The basic conditions and safety guarantees for hosting exhibitions are not yet available.

Devoted to the craft beer industry for years, CRAFT BEER CHINA has always been committed to building an international communication platform and boosting the innovation and development of the industry. The health and safety of all exhibitors and visitors is a top priority.
