The **“HUBANA – Hunting Experience Days”** will take place in in North-Rhine Westphalia in the summer of 2021 and is aimed at consumers. With its regional European atmosphere and open-air product tests, the event will offer a special experience. It has been initiated by the IWA OutdoorClassics as a response to the increasing importance of the consumer in the hunting sector and will bring together traditions and customs with trends and innovation. It will also be the launchpad for a series of events, with partner events set to follow within Germany and in other European countries.

Local hunters endorse the event

Petra Bauernfeind-Beckmann, President of KJS Hubertus Recklinghausen e. V. and Chair of the Hunting Customs Preservation Committee, welcomes the event: “As a regional hunting community we support events that help nurture and protect our customs and traditions, so we are pleased to give our backing to ‘HUBANA – Hunting Experience Days’.” The 2,000-member association has nine hunting groups, making it one of the largest members of the North-Rhine Westphalian Hunting Federation.

Hermann Wolff, President of the hunting association Herrlichkeit Lembeck und Dorsten e. V., is also aware of the resulting opportunities to enhance the reputation of hunting: “An event of this kind helps us with our PR activities as it allows us to inform and educate visitors and help create a lasting positive image of the hunting community among the general population. Because hunting continues to be an important factor in species and nature conservation.”

Experience hunting with all your senses

The baroque-style castle is surrounded by medieval-looking moats and is a unique event location. The 300-year-old castle is in the border region to France, Belgium, Luxembourg and the Netherlands. The expansive grounds mean that there is plenty of room for visitors to move around comfortably. In addition, a nearby shooting range will allow numerous tests to be carried out under realistic conditions. As well as hunting sights and accessories, holders of the German ‘grüne/gelbe Waffenbesitzkarte’ (hunters/sport shooters permit) can test out rifles and ammunition at the HUBANA. Manufacturers and dealers of off-road vehicles suitable for hunting will also be on site to present their products. The prestigious location and an exciting supporting programme add to the calibre of the event. “We are bringing the innovations in the sector to the place where they belong: to the great outdoors among like-minded people,” says Rebecca Schönfelder, Exhibition Director IWA OutdoorClassics and HUBANA. “If a product passes their personal test, visitors can pay for it and take it with them or place an order,” Schönfelder continues.
