RIVOLUTION NEXT I.D.

A new Digital World starts today...

The new electronic heart, tellingly called:
RIV-OLUTION.

A new software, **completely developed internally**, and a new "**Smart Defrost**" function ensure maximum precision and stability in temperature regulation and significant energy savings, up to 21% compared to the previous generation of products.

With **BEST** and **RIV-OLUTION**, you can enter in the new **Digital World**, even in this sector.
