

2018 CHINA DAY

— Forum on China Non-ferrous Alloys and Die Casting Technology

Date: 17th of Jan, 2018

Venue: Room Shanghai, Level 3, NCC Ost, Nürnberg Convention Center

Time	Company	Speaker	Topic
9:30-9:35	FICMES		Welcome Message
9:35-9:40	NürnbergMesse GmbH	Rolf Keller/ Member of the Board	Welcome Message
Market session: challenges and opportunities in China			
9:40-10:25	Ningbo Die & Mould Industry Association	Tony ZHANG / President	Status and prosperity of Chinese die & mould industry
Tea Break (15 mins)			
10:40-11:10	Sciveda Mould	Tina Zhou/ Head of Global Marketing	Unique advantage and competitiveness of Chinese die & mould products in world market
11:10-11:40	China Mould Star	Amy Wang/Chief Marketing Officer	How to select the suitable Chinese mould supplier
11:40-12:10	NürnbergMesse China	Tracy Feng / Project Director	Market your business in China
Technical session: WFO Non-ferrous Alloys and Special Casting Technology			
13:30-14:00	Department of Mechanical and Mechatronic Engineering, NTOU	Zhuang Shuiwang/ Professor	Analysis of Foundry Competitiveness
14:00-14:30	Huazhong University of Science and Technology	Wu Shusen / Professor	Dispersion of nano-SiCP particles in Al-matrix composites and mechanical properties with squeeze casting
14:30-15:00	Harbin Institute of Technology	Wang Liang / Associate Professor	Microstructure and mechanical properties of Ti1.5Zr1.5Hf0.5Nb1.5Mo-Bx refractory high-entropy matrix alloy composite
Tea Break (15 mins)			
15:15-15:45	Huazhong University of Science and Technology	Yajun Yin/ Lecturer	The Simulation Research on the Selective Laser Melting Process of Wax for Precision Casting
15:45-16:15	Huazhong University of Science and Technology	Zhou Jianxin/ Professor	Research on Wireless Pressure Testing System of Physical Simulation in Filling Process of Vertical Centrifugal Casting
