3. Contractual terms

The terms for participation in the public trade fair Internationale Jagd- und Schützertage Schloss Lembeck 2020 are the Special and General Conditions for Participation in Fairs and Exhibitions (including Supplementary Agreement), the NürnbergMesse site regulations, the organizational (e.g. exhibitor information), technical and other conditions notified to the exhibitor before the exhibition begins.

If NürnbergMesse provides additional exhibition services through a ServicePartner in response to a separate order, the general terms and conditions of business of the respective ServicePartner shall prevail over these Special Conditions for Participation in case of discrepancies.

4. Admission/Stand space confirmation

See item 2 of the General Conditions for Participation in Fairs and Exhibitions. Cancellation after receipt of the stand space confirmation is governed by item 7 of the General Conditions for Participation in Fairs and Exhibitions. Applications must be received by 6 March 2020.

5. Exhibitors and approved exhibition goods, visitors

5.1 Exhibitors, age limit

Admissible as exhibitors are: manufacturers, importers, wholesalers, representatives and publishers, domestic and foreign, offering only those products and services that can be assigned to the product groups provided. All exhibition goods must be described in detail in the application. Products (copies, counterfeits, etc.) that violate the regulations for the protection of industrial property rights in Germany are not admitted.

5.2 Admissible exhibits, inadmissible exhibits

The exhibitor acknowledges the legal firearms regulations in force at the place of exhibition and the conditions stated below and agrees to comply with same. In case of contravention in spite of a written request to desist, the organizer is entitled to exclude the exhibitor from the Internationale Jagd- und Schützertage Schloss Lembeck 2020.

The following may be exhibited:

- a. Arms and products that fit the specified product groups and the theme of the Internationale Jagd- und Schützertage Schloss Lembeck 2020 as a public trade fair for hunting and shooting sports.
In case of doubt, the exhibition management shall decide.
- b. "Prohibited arms and articles" (as per German Firearms Act).
Presentation is only possible if in possession of relevant special permission from the Federal Criminal Investigation Office.
- c. It is expressly pointed out that
 - lamps specifically designed for mounting on firearms,
 - lamps (usually torches) associated with a suitable device for mounting them on guns and
 - separate devices for mounting on guns without lampare PROHIBITED by the German Firearms Act.

It is irrelevant whether or not such a device and/or lamp is already mounted on a gun. The type of gun on which the device and/or lamp is to be mounted is also irrelevant, i.e. the ban not only applies to firearms requiring a licence, but also to airguns, spring-operated guns, CO2 guns and Airsoft guns. Derogations for presentation at the Internationale Jagd- und Schützertage Schloss Lembeck 2020 can be applied for via the exhibition management.

The display and sale of the following is prohibited:

- a. Military weapons as defined by the Military Weapons Control Act in Germany (KrWaffKontrG). This also covers the presentation of military weapons in brochures, films or similar that can result in contract transactions.
- b. Fully automatic firearms that are not military weapons; as stated above, firearms for this purpose also include other types of fully automatic airsoft, air, spring-operated and CO2 guns and, if applicable, blank, gas and signal guns. Fully or semi-automatic working firearms are prohibited by the German Firearms Act and the Federal Criminal Investigation Office (BKA) does not issue special licences for such firearms for the Internationale Jagd- und Schützertage Schloss Lembeck 2020; even importing such articles constitutes a criminal offence in Germany.
- c. Military weapons rendered unusable, particularly fully automatic military weapons that have been modified to decorative weapons.
- d. Parts of military weapons rendered unusable.

5.3 Direct selling, delivery and handling of exhibits

Direct selling is permitted at the Internationale Jagd- und Schützertage Schloss Lembeck 2020. The sale of weapons and ammunition for which trading is prohibited or subject to a permit under the German Firearms Act (Waffengesetz), however, is not permitted. See also item 5.2.

5.4 Ranges and targets

All kinds of ranges – ranges for shooting with licensed firearms as well as ranges for shooting with airguns, spring-operated guns, CO2 guns and all airsoft versions – also require official approval by the Nuremberg authorities (shooting license). The granting of such a license is also dependent on the results of the safety inspection carried out by the official shooting range expert.

To this effect, the intended operation of a shooting range – regardless of type – must be **notified in writing** to the exhibition management with the application to exhibit.

The exhibition management will initiate the application for an official shooting license if necessary.

On real shooting ranges and on laser and other virtual shooting ranges involving no projectiles moving in the direction of the target, people or similar are **never to be used** to represent targets on static target discs or in videos, animated films or cartoons.

5.5 Prevention of theft, gun security, stand manager

It is expressly pointed out that firearms requiring licences must be secured mechanically using steel cables. The temporary use of purely plastic parts (cable ties) or fixing the steel cables on the stand using short wood screws without a locking mechanism is prohibited. Additional protection by securing with steel cables is also expressly specified for the storage of firearms in normal exhibition showcases (exception: separate individual showcases with their own stronger locks and individual keys or an alarm system in the showcase). Working ammunition must be kept in lockable containers (showcases). The permanent presence of stand staff is no substitute for mechanical locking devices. In case of inadequate security the organizer reserves the right to charge the costs incurred to the exhibitor.

6. Rental in exhibition halls per m² (or part thereof) stand space

7. Payment conditions

Exhibitors may be charged an advance payment of 25% of the expected stand space rental on **confirmation of the application**.

The full stand space rental less the advance payment will be charged to exhibitors on **confirmation of the stand space**. The advance payment will be reimbursed in case of non-confirmation of the stand.

Any payments are due by the date shown on the respective invoice. Invoices are payable in full. All payments are to be made in EURO without charges, quoting invoice number.

If the exhibitor enters a different invoice address on the application form, he authorizes the stated person/company to receive the invoice and other payment requests. This does not exempt the exhibitor from his obligation to pay.

For subsequent changes to the invoice for which the exhibitor is responsible, NürnbergMesse may charge a processing fee of EUR 50.

An entitlement to occupy the allocated stand space exists only after payment of invoices in full. The exhibitor is to provide proof of payment.

The exhibitor agrees to transmission of invoices by the organizer via e-mail (electronic billing). If the exhibitor does not wish to use electronic billing, he or she can object in writing or in text form.
