## 6. Exhibitors and approved exhibition goods, visitors

### 6.1 Exhibitors, age limit

Admissible as exhibitors are: manufacturers, importers, wholesalers, representatives and publishers, domestic and foreign, offering only those products and services that can be assigned to the product groups provided. All exhibition goods must be described in detail in the application. Products (copies, counterfeits, etc.) that violate the regulations for the protection of industrial property rights in Germany are not admitted.

**Individuals under 18 years of age are not admitted to the exhibition.**

### 6.2 Admissible exhibits

The exhibitor acknowledges the legal firearms regulations in force at the place of exhibition and the conditions stated below and agrees to comply with same. In case of contravention in spite of a written request to desist, the organizer is entitled to exclude the exhibitor from the current and the next Enforce Tac.

**The following may be exhibited:**

- Arms and products that agree with the specified product groups and the theme of Enforce Tac as security and law enforcement exhibition. In case of doubt, the exhibition management decides on the admissibility of a product.
- “Prohibited arms and articles” (as per German Firearms Act).  
Presentation is only possible if in possession of relevant special permission from the Federal Criminal Investigation Office.  
It is expressly pointed out that
  - lamps specifically designed for mounting on firearms,
  - lamps (usually torches) associated with a suitable device for mounting them on guns and
  - separate devices for mounting of lamps on gunsare PROHIBITED by the German Firearms Act.  
It is irrelevant whether or not such a device and/or lamp is already mounted on a gun. The type of gun on which the device and/or lamp is to be mounted is also irrelevant, i.e. the ban not only applies to firearms requiring a license, but also to air guns, spring-operated guns, CO2 guns and airsoft guns.  
It is also pointed out that fully automatic firearms that are not military weapons are also classified as prohibited by the German Firearms Act; firearms for this purpose also include fully automatic airsoft, CO2, air or other kinds of spring-operated guns as listed above with a kinetic energy of more than 0.5 joule.  
Approval by the Federal Criminal Investigation Office for the presentation of relevant firearms and articles at Enforce Tac 2021 that are prohibited by the German Firearms Act can be applied for via the exhibition management.

**Persons under 18 years are not admitted to the exhibition.**

## 6.4 Direct selling, delivery and handling of exhibits

**The delivery or handing over of exhibits is prohibited.** In the event of contravention of this rule in spite of a warning being given, the organizer shall be entitled to exclude the exhibitor from the current and next Enforce Tac. It is emphasized that the direct sale, delivery or handling (also as gifts or loan) of guns, ammunition and cut and thrust weapons is not only a violation of the Conditions for Participation in Enforce Tac, but also constitutes an offence against the applicable statutory firearms regulations of the Federal Republic of Germany (§ 52 Clause 1 No. 3 of German Firearms Act) and must be punished by penal prosecution.

## 6.5 Ranges and targets

The intended operation of a shooting range – regardless of type – must be notified in writing to the exhibition management with the application to exhibit.

It is expressly pointed out that firearms requiring licences must be secured mechanically using steel cables. The temporary use of purely plastic parts (cable ties) or fixing the steel cables in the stand using short wood screws without a locking mechanism is prohibited. Additional protection by securing with steel cables is also expressly specified for the storage of firearms in normal exhibition showcases (exception: separate individual showcases with their own ammunition stronger locks and individual keys or an alarm system in the showcase). Working ammunition must be kept in lockable containers (showcases). The permanent presence of stand staff is no substitute for mechanical locking devices. In case of inadequate security the organizer reserves the right to charge the costs incurred to the exhibitor.
