

PERIMETER PROTECTION

International Exhibition for Perimeter Protection,
Fencing and Building Security

Perimeter Protection
2022 – your exhibition
for your success!

Definitely the right decision!

The only special exhibition
for perimeter protection
in Europe

Spotlight on a
growing market

Bringing together
mechanical,
electrical and
electronic
protective
measures

18 – 20.1.2022
Nuremberg, Germany

Why you absolutely must be there in 2022!

This exhibition brings the people behind the technologies and markets together – and keeps you tuned to the needs of your target group.

Perimeter Protection is unique in the way it concentrates on the intelligent combination of mechanical, electrical and electronic protection measures. You get the ideal platform to present your systems and solutions vividly, up close and in person.

Look forward to in-depth conversations, professional interaction at the highest level and inspiring ideas. Develop new markets, nurture existing business relationships and forge valuable new contacts.

U.T.SEC

@Perimeter Protection

Platform for Drones,
Unmanned Technologies
& Security

Put synergies to work!

U.T.SEC focuses on technical, legal and practical aspects of detection, deployment and defense of drones and other unmanned technologies.

It offers you an exclusive, focused overview of new and comprehensive security measures. The accompanying Conference offers more in-depth industry knowledge and target group-oriented information material. Benefit from the attention of these highly qualified trade visitors at the U.T.SEC@Perimeter Protection special exhibition area:
