

15. – 17.3.2022

NÜRNBERG | GERMANY

Online Session Booking

- As an exhibitor, you can book presentation slots in the exhibitor forum and a virtual Roundtable via our **Online Exhibitor Shop**.
- A **presentation slot in the exhibitor forum** gives you as an exhibitor the opportunity to present your company and your products and innovations and thus generate additional attention.
- **Roundtables** are rounds of talks and discussions or press conferences that are held in virtual space and can thus reach virtual visitors.
- **The booking process is as follows:**
 1. Book a presentation slot in the exhibitor forum or a virtual roundtable via our online exhibitor shop.
 2. You will receive a short booking confirmation from us by e-mail.
 3. You will then receive an e-mail from the sender: schedule@talque.com. By clicking on the button "Book session" you can select a slot and enter all details (speakers, title, short description). You will receive a confirmation email afterwards.
 4. Via a personal maintenance link you can adjust the entered content at any time.
- The online session booking is available until **24.01.2022**. The slot selection depends on the availability.

If you have any questions about these two formats and the online session booking, please do not hesitate to contact us at: embedded-world@nuernbergmesse.de or +49 (0) 911 8606 8830.
