NÜRNBERG / MESSE

## JOIN THE CHILLVENTA NETWORK

Chillventa is a showcase for the enormous diversity of your industries. It attracts to Nuremberg experts from around the world who are seeking the latest components for refrigeration, air conditioning, ventilation and heat pumps. Chillventa is the centre of a network where representatives from trade, industry, plant engineering, education and research discuss the most important trends and developments, make contacts and get new projects off the ground.

Chillventa is successful because it is based on a concept tailored to the needs of industry participants – it is an event for experts by experts that combines product presentations and knowledge-sharing. Showcase your company, make contacts and do business at the exhibition, specialist forums and Chillventa CONGRESS.

Become an exhibitor – and expand your network!

# CONNECTING EXPERTS.

With its unique range of components, systems and services, Chillventa attracts a high-calibre audience that is eager to explore your products and solutions. Discover the potential of this leading international refrigeration exhibition:

[chillventa.de/refrigeration](http://chillventa.de/refrigeration)

**CONNECTING  
REFRIGERATION  
EXPERTS.**

The demand for air-conditioning and ventilation systems is growing worldwide. Present your company at the No. 1 venue for trade visitors seeking innovative ideas – at this wide-ranging air-conditioning exhibition that offers unrivalled synergistic potential. Find out what makes Chillventa especially worthwhile for you:

[chillventa.de/ac](http://chillventa.de/ac)

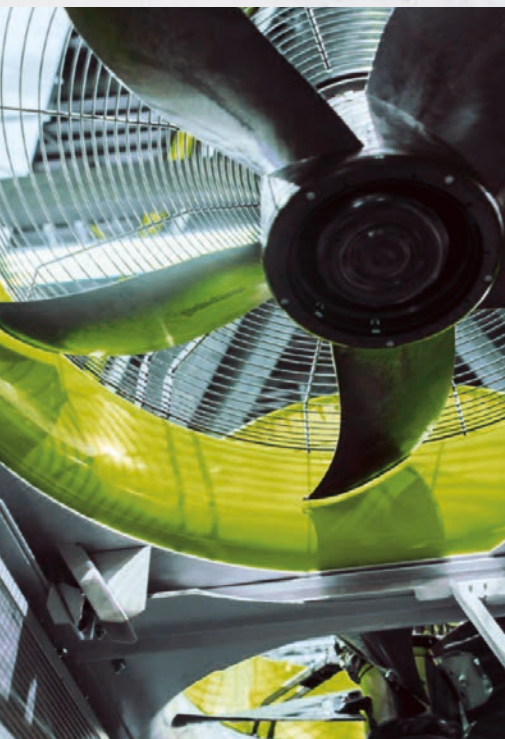

**CONNECTING  
AC &  
VENTILATION  
EXPERTS.**

Heat pumps will play a key role in the energy mix of the future. At Chillventa, your solutions for industrial, commercial and municipal applications are just as much in demand as new concepts for hybrid applications of heating and cooling and waste-heat recovery. To find out how this heat pump exhibition will be uniquely valuable to you, go to:

# ★ SPECIALIST FORUMS 2018

## **Your involvement makes them special**

The specialist forums at Chillventa are at the heart of the exhibition action. Emphasise your position as a shaper of the industry and get an additional opportunity to converse with your target group and do business. Turn your knowledge into business potential – with a presentation on one of the following focus topics:

### **Current market developments**

Reveal the issues that are dominating your sector and the trends that are moving markets. You'll provide insights that trade visitors from all over the world especially value, because you're offering them the knowledge edge that they're specifically looking for.

### **Energy efficiency and energy savings**

Show off your latest products, solutions and concepts for meeting the growing demand for plant and equipment operation that conserves resources. You'll reap the benefits from a profitable combination of expertise and technology that puts you in contact with international experts.

### **Energy-efficient data centres**

The volume of data processed by data centres is growing rapidly. To operate data centres as economically as possible, energy efficiency is of crucial importance, especially when it comes to cooling. Chillventa knows how relevant these issues are, and will be exploring them in a dedicated series of presentations.

**CHILLVENTA**  
**AWARD 2018**

SUPPORTED BY  
**tab | KKA**

**Award-winning ideas**

In the specialist forums you can

also look forward to the projects that win the Chillventa AWARD, featuring surprising approaches and ground-breaking solutions.
