

FeuerTrutz 2024

26 - 27 June 2024 Joint stand **startups@FeuerTrutz**

Take the chance for an ideal presentation of your company at attractive conditions!

FeuerTrutz is Europe's first trade fair and congress that combines solutions in passive, active and organizational fire protection. At this event in Nuremberg, planners, official experts, architects, building engineers, staff from official agencies and fire prevention authorities as well as fire officers can obtain specific information and discuss innovative solutions and products for fire protection and fire control.

As part of FeuerTrutz, young innovative companies and start-ups will come together at the startups@FeuerTrutz joint stand, where they will have the opportunity to present themselves and network. To ensure equal opportunities, participation in the joint stand is significantly cheaper than for exhibitors with their own stand. NürnbergMesse will take care of the organization and will provide help and advice on the first trade fair appearances. In addition, all participants will receive a high level of attention through targeted online and print marketing. We look forward to your participation!

Requirements

Eligible for participation are young innovative companies with products and process-related new or further developments which

- are **less than 10 years old**
- employ **fewer than 50 people**
- do not exceed an annual balance sheet total / **annual turnover of EUR 10 million**

Participation fee

EUR 2.000

Exhibitors at the joint stand receive the following services

- 9 m² stand space with uniform stand construction and basic furniture
- Uniform stand lettering
- Lighting
- Electricity connection and consumption (green energy)
- AUMA contribution
- Marketing services (entries print and online, advertising material, voucher monitoring)
- Cleaning and disposal
- Use of the common areas including meeting corners and general WiFi access
