

THE MOST IMPORTANT REGULATIONS FOR YOU AS AN EXHIBITOR AT A GLANCE

Personal networking? A sure thing!

Our goal is to create a framework for you in which networking and business can take place with peace of mind – from person to person.

Therefore we have developed a viable hygiene concept and already implemented it successfully.

For visiting the event there are various access concepts, which can be used depending on the situation. You will find these on our website.

For **professionals** (exhibitors, stand personnel, stand builders, service providers, speakers and accredited media representatives), the German SARS-CoV-2 occupational health and safety regulation applies.

This means that the following regulations apply to you as an exhibitor.

What is valid when?

Read on the following pages what is important for you and your employees and which documents are valid.

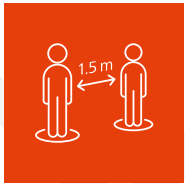

The most important regulations for you as an exhibitor at a glance

Assembly and dismantling	Access to the event	Masks are compulsory	*Valid documents (3G proofs)
<ul style="list-style-type: none"> • Distancing and hygiene rules may lead to delays in assembling and disassembling your stand. We recommend you make full use of the time available at the event for assembly and dismantling. Be sure to work out your timing in detail, and if possible stagger the different activities involved to ensure smooth workflows. • All your service providers such as stand builders, carriers, etc. must register in advance and carry an assembly/dismantling pass. If they do not hold such a pass they will be required to register on-site. • All persons on the premises must carry a 3G proof* (proof of vaccination, recovering or a negative COVID-19-test) during the assembly and dismantling times. A rapid antigen test no more than 24 hours old or a PCR test no more than 48 hours old is sufficient as proof of testing. • Please have assembly/dismantling pass, 3G proof* and your photo ID ready for checks. • Please observe the regulations of the German SARS CoV-2 Occupational Health and Safety Ordinance apply. Among other things, it includes guidelines for wearing a face mask. • Please advise your stand construction company of these conditions as appropriate. 	<ul style="list-style-type: none"> • You and your staff must register in advance via our TicketCenter, as well as visitors. Contact details will be recorded for possible contact tracking. The tickets are available on mobile devices and allow contactless access. • Exhibitors and their stand personnel who are neither vaccinated nor recovered can alternatively fulfil their proof obligation by presenting a valid negative COVID-19 test* (rapid antigen test not older than 24 hours or PCR test not older than 48 hours). For this purpose, there will be testing facilities on site. • Please have your exhibitor ticket, 3G proof* and your photo ID ready for the admission control. 	<ul style="list-style-type: none"> • FFP2 masks are compulsory for persons aged 5 years and over when visiting the event. • Exhibitors are required to wear a medical face mask or FFP2 mask on the exhibition stand – we recommend wearing an FFP2 mask. • The mask can be removed at fixed seating or standing places, as long as a minimum distance of 1.5 m to other persons is reliably maintained or an effective hygiene protection wall (plexiglas panel) is set up between the persons. 	<p>Vaccinated:</p> <ul style="list-style-type: none"> • Proof of complete vaccination (older than 14 days, not more than nine months ago) with a vaccine authorised in the EU. • Booster vaccinations are valid from the first day after vaccination. • Valid are analogue vaccination certificates and digital vaccination certificates (e.g. EU Green Certificate and national digital vaccination certificates such as Corona-Warning App, CovPass App,...) <p>Recovered:</p> <ul style="list-style-type: none"> • Positive PCR test with date (at least 28 days old, no more than three months ago). <p>Tested:</p> <ul style="list-style-type: none"> • Negative test result/test certificate (antigen test not older than 24 hours; PCR test not older than 48 hours), selftests are not permitted
