Impressions BIOFACH SOUTH EAST ASIA & NATURAL EXPO SOUTH EAST ASIA 2018

Statements from Exhibitors & Visitors of BIOFACH SOUTH EAST ASIA & NATURAL EXPO SOUTH EAST ASIA 2018

"This is our first time here presenting our brand, RAWGANIC. We are a very young brand, less than 4 months to be exact but being here not only did we receive great responds from customers but we see this as a great opportunity to meet many business owners to grow as a business in the future."

- Pakatidee Company, RAWGANIC Brand (Exhibitor)

"We don't get to have a lot of organic fairs in Thailand and to be honest it is still a new trend that needs a lot more promoting. This is just a great opportunity to educate and see how Thailand can turn into an organic agriculture country along with promoting farmers leading to a better income and a better way of life."

- Panupong Siritrakul (Visitor)

"BIOFACH SOUTH EAST ASIA & NATURAL SOUTH EAST AISA is a good marketing platform for organic growers/suppliers to reach out to the regional/global market"

Daniel Choo, INT'L SHOPPE PTE LTD (Exhibitor)

"This was my first time to any organic event and I did not expect it to be as great as it is. I'm very impressed and really wish there would be more each year or a longer period of time. This was awesome! "

- Maneerath Saengmuang (Visitor)

"BIOFACH SOUTH EAST ASIA & NATURAL SOUTH EAST AISA 2018 was the perfect platform to launch our new organic instant 'noodl noodl'. The mix of B2B and B2C was ideal as consumers could buy and try the finish products, and our potential customers got a good view of the potential of our product. See you in 2019!"

- Onno Stiennen, noodl noodl / ONOFF SPICES (Exhibitor)
