

MedtecLIVE – THE HOTSPOT FOR MEDICAL TECHNOLOGY

Nürnberg, Germany 2020

MedtecLIVE THE EVENT GOES VIRTUAL

Connecting the medical technology supply chain

Networking all players in the medical technology industry, from classic suppliers to manufacturers – this is what this year's **virtual MedtecLIVE from 30 June to 2 July 2020** offers you.

Use the virtual platform as an ideal opportunity to contact your customers and present your company despite the current protective measures to contain the corona virus.

BASIC PACKAGE – EUR 650

- Company profile period incl.
 - Company description and logo
 - Contact information, website link and social media links
 - Integration of a video
 - Two PDF files for download (e.g. company brochures)
 - Assignment of contact persons
 - Chat function
- Participation in the digital matchmaking
- Arrangement of 1:1 video meetings with participants and exhibitors on request
- Company name and logo on the MedtecLIVE website
- Lead list of all contacts after the event
- Participation in the lecture programme (limited number of slots available)

PREMIUM PACKAGE – EUR 1,150

In addition to services included in basic package:

- Three more PDF files for download (five in total)
- Integration of up to three videos
- Integration of direct video call function in company profile
- VIP Networking Table (limited number available)
- More prominent position in exhibitor list

START-UPS – EUR 450

Services according to basic package

Please contact us directly if you are a representative of a start-up company. We will be pleased to inform you about the conditions under which you will receive the special discount.

All prices are special prices due to the current situation. This is our contribution as MedtecLIVE to support the industry. Because we are convinced that the exchange in the industry is currently in demand as never before!

The virtual event is accompanied by the MedTech Summit Congress and various other lectures, pitches and talks.

Don't miss this opportunity to make virtual contact and network with your customers, manufacturers and speakers. Meet decision-makers from regulation, R & D, project and product management, sales and marketing, procurement, purchasing and production as well as investors and researching physician.
