

# Shipping to IWA OutdoorClassics 2022

## What to do?

### 1. Step: PACKING

- Save, solid and secure packing material – NO carton boxes!
- Secure your crates/boxes containing restricted/special items with locks

#### What kind of products need special packing :

- Products with special approval by BKA: please pack them into a separate package and put it on top of the other goods (=>will be checked), copy of the approval in an envelope and put it outside the package (on top)
- Weapons, guns, parts of it, security vests, restricted items (laser, night vision optics, special knives etc), all products mentioned in the firearms regulation of the EC
- Additionally, we recommend a lock. (Don't forget to give us the key or lock combination in this case!)

*All kind of extra work which has to be organized for searching, unpacking, repacking will be for your account*

### 2. Step: DOCUMENTS

Commercial invoice needs all information you also find on the attached master  
Separate invoice for

- Advertising material (catalogues, leaflets, magazines) – duty free
- Products with BKA permission (to be marked with "BKA"), restricted items, weapons, guns, parts of it firearms regulation

Also required

- BKA permission
- Stand confirmation
- Copy of confirmation of the "Ordnungsamt" Nürnberg which can be found at the website of the organizer
- All kind of licensed goods, weapons, guns, knives will be checked by customs officers at the border and at fairground too.
